FANIA REPORT: After a general meeting of parishioners on March 11, Becket's almost 30 year financial support of the FANIA project in Honduras came to an end. At this meeting, a presentation was made of: the summary of the financial contributions made by Becket over the years, a report on the past successes and the current situation of the FANIA project, and a history of some of the issues faced in dealing with the project directors, TDH Canada. After a frank and open question/ discussion period, a vote was held, and a clear majority voted to end support for this project. The Becket community should be pleased with its efforts in aid to this project. Our financial contributions have been able to bring about positive changes in many lives over the years. But the time has come to move on. We look forward to your continued generosity to the Helping Others Fund to help people in need in our community, our country and abroad. For those who have contributed money specifically towards sponsoring children at FANIA in the past year, we can either return your money or redirect it towards another charitable work. Please contact John Bondyra at jbondyra@fishercapepan.com or 514-739-9181.
